ITS COMING!!!

The Cardiff Eagles will enter the inaugural UK Sub Zero cup this year that runs between February and August. The cup is for intermediate teams and there will be eight teams in two groups, include: Cardiff, Sheffield, Streatham and Whitley Bay and Group B: Blackburn, Cleveland, Coventry and Slough. The top two in each group going through to finals day at Ice Sheffield in August.

EAGLES COME CLOSE...TWICE!!

The CARDIFF Eagles have endured two narrow loses recently, but have shown their development is on track. Firstly against the Army air corps IceHawks the Eagles found themselves in a tight down to the wire contest that ended 5-6 to the visitors. The Eagles then travelled to Solihull to take on the Vipers in a full contact game and this match was only settled in the last thirty seconds when the Vipers scored an empty netter to win 8-6. More info about Eagles matches can be found at www.cardiffeagles.co.uk.

Man of the Match against the IceHawks
Martin Buridge

Next Home Match

CARDIFF EAGLES V Slough Satans

04th April 2009 @ Cardiff Arena face off 4.30pm

THE MARTELL QUOTE OF THE MONTH

After arriving in Swindon for a match, Dave got lost in the rink on the way to the Eagles bench, and when finally arriving at the bench he quoted....

oh.... I thought we were in Solihull!!!

EAGLE IN LIVE SEX SHOW!!

Support from Plymouth based rock trio **GILL**

Dave King (aka Goth), Cardiff Eagles netminder, is not just an ace between the pipes. The Devon native also fronts a band know as the 'Live sex show', gets your attention eh? They are a Devon based rock band and play a mixture of their own material and covers. Their web pages are on my space at <http://www.myspace.com/livesxshow> where you can also hear a couple of their tracks. Dave can often be heard singing in the changing rooms before an Eagles game, a team tactic the Eagles encourage to help throw their opponents off their game!

EAGLE MEDIA NIGHT

The Eagles recently held a media night involving a photo and a video shoot. Both individual and team shots were taken and the photos and footage will be used for future publications, such as newsletters, press releases, web material, match day trailers and a specially produced end of season DVD.
